* This package is a suggestion only, we will happily customise to your exact preference.

The tapered square leg and clean uncluttered lines of this design make a statement in style. Flush fitting "invisible" type pocket brackets and adjusting feet leave the beautiful proportions of our timber work to speak for themselves. Quality solid timber construction - no veneer or fibreboard - with 17mm construction ply internal frame bracing.

Your table has a 32mm thick slate bed which is precision manufactured in Italy as a 3 piece set. The 3 piece format also makes it possible to install in areas with difficult access. Professional installation is required.
